In Memoriam
Ariel Spillner

December 31, 1998 - November 04, 2025

We honor the life and legacy of Ariel, her dedication and service to Kappa Psi and her chapter Zeta Theta made a lasting impact. Our thoughts are with her family, friends, and brothers.

ADVICE FOR NEW BROTHERS

SATRAP: Be sure to still make time for yourself to do fun things.

SECRETARY: Let yourself loose! I know it is easier said than done, but truly everyone just wants to get to know you, so let them. Talk about your interests and reflect, ask questions about Kappa Psi, and see how you can connect yourself already to the fraternity. Once you jump in, you will be in for life long rewards!

TREASURER: Pay attention!

WEBMASTER: Be yourself! Everyone wants to get to know the real you, and it helps you feel more at home!

CHAPLAIN: Get to know things about what the fraternity has meant to brothers of all ages. Yes, it's a great way to stay involved and meet lots of fellow pharmacy students but there are so many aspects of joining Kappa Psi that our members appreciate.

HISTORIAN: Make it a priority to attend as many NPPs and GCCs as you can. Connecting with peers and mentors can help you shape your future!

WEBMASTER
